

# Job Posting

## Gitga'at Resource Field Technician(s) (In House)

**Sector:** Land and Marine Stewardship

**Deadline:** May 25, 2009

**Wages:** Starting at minimum \$15 hour; depending on skills and qualifications

**Job Description:** The resource field technician will work on a seasonal, part-time basis under the direction of the Gitga'at Marine Stewardship Manager, Stewardship Operations Manager, and the Fisheries Technician.

Duties may include:

- Working with other stewardship staff and technicians to conduct field and marine surveys and other field data collection;
- Working with other stewardship staff to construct and maintain resource infrastructure such as Bishop Bay Hotsprings, Watchman cabins, wildlife viewing platforms, shellfish aquaculture sites, etc.; and
- Operating and maintaining stewardship program equipment such as boats, survey equipment, powersaws and other tools; and
- Entering data in Excel spreadsheets and preparing small written reports.

**The ideal candidate:**

- Will have training and experience in performing resource surveys/assessments
- Will have experience in construction and in operating and using field equipment and
- Will need to be self motivated with good organization and technical skills
- Must be able to work in a team environment and have an understanding of land and marine resource issues in the Traditional Territory
- Have confidence in operating computers and using Windows-based software including: MS Word and Excel.
- Have a minimum of a Grade 12 education.

Mail, fax or hand in applications and resumes to the Hartley Bay Band Office
